

## EUMaster4HPC Mobility Scholarship Agreement 2023-2024

Friedrich-Alexander-Universität

Cauerstraße 11, 91058 Erlangen

called hereafter **FAU**, represented for the purposes of signature of this contract by **Prof. Dr. Ulrich Rüde**, of the one part,

and the student

Name:	
First name:	
EUMaster4HPC: University 1st year / University 2nd year:	
Personal address:	
<b>Your Country</b> Bank account number (IBAN):	
BIC code:	

called hereafter “**the beneficiary**” of the other part, have agreed as follows:

### Art. 1: Purpose of the scholarship

1.1 The beneficiary has been selected by the EUMaster4HPC programme to study the European Master in HPC at two partner universities. Based on official documents and information provided by the student, the beneficiary is eligible to receive the EUMaster4HPC scholarship.

**FAU**, undertakes to pay a mobility scholarship funded by the EUMaster4HPC project to the beneficiary for the following study programme:

University	FAU
Planned duration of stay:	<b>year</b> (1st or 2nd)
Start date:	October 2023
End date:	September 2024
First payment of the scholarship (50% of the total amount)	2.500€
Second payment of the scholarship (50% of the total amount)	2.500€
Total amount of the scholarship/year:	5000€

1.2. The scholarship is intended to support the mobility costs inherent to the study program EUMaster4HPC.

1.3. The beneficiary accepts the scholarship and undertakes to carry out the mobility, acting on their own responsibility.

1.4. The beneficiary undertakes to study for one year at the above mentioned university as a full-time degree seeking student. They undertake to follow the courses they are registered for on a regular basis and to take part in all foreseen forms of evaluation for these courses. In addition, they will actively participate in all mandatory activities of the EUMaster4HPC programme (workshops, summer school, internship, challenge) to validate at least 55 ECTS in Master 1st year. Nevertheless, the university of the Master 2nd year might require that the student validates 60 ECTS in total during their Master 1st year in order to be admitted to Master 2nd year.

## **Art. 2: Duration**

2.1. The present agreement comes into force on the date of the last signature.

2.2. The duration of the activity is fixed in article 1.1.

## **Art. 3: Payment arrangements**

3.1. The scholarship will be paid in two installments. The first installment representing 50% of the total amount of the scholarship specified in Article 1, will be paid within 30 days following the signature of the agreement by both parties, after the beneficiary's arrival in Germany.

The second installment representing 50% of the total amount of the scholarship specified in Article 1, will be paid in April of the following year at the **FAU**.

3.2 The beneficiary does not pay any tuition fees at **FAU**. The tuition fees are funded by the HPC European Consortium Leading Education Activities (EUMaster4HPC). Several universities of the EUMaster4HPC consortium might ask students to pay for an administrative fee or contribution, depending on local regulations.

3.3 Expenses linked with the mandatory mobility periods:

The student is in charge of booking and paying the following costs:

1. Travel to the university of their first year and to the second university and accommodation during the whole study period.
2. Travel to two workshop locations and accommodation during the workshops (duration 1 to 2 days), if applicable.
3. Travel to the summer school.
4. Travel and accommodation to the internship venue.

The Master 1st year includes a mandatory workshop (1-2 days) and a mandatory summer school (2 weeks). The Master 2nd year includes a mandatory workshop (1-2 days), a mandatory internship (4 to 6 months), and a summer school (2 weeks).

The workshops, summer school, and internships are organised based on common guidelines of the EUMaster4HPC project.

3.3. In the following cases, the beneficiary undertakes to immediately inform the EUMaster4HPC study administrator and coordinator :

- in case they withdraw from the study programme;
- in case they do not validate the required number of ECTS of the academic year at **FAU**;
- in case they do not complete at least one full semester of study at the university;
- in case their study period at the university ends earlier than expected or in case of any other change in their dates.

In this case, the scholarship payment will be immediately stopped and reimbursement can be considered depending on the reason for dropping out.

#### **Art. 4: Bank account**

The scholarship is paid into the beneficiary's above-mentioned bank account. The bank account information must be provided by the beneficiary following the indications from the local EUMaster4HPC Study Administrator.

#### **Art. 5: Appropriate insurance**

Students must prove that they have taken out an insurance policy that covers, at least, chance events during the mobility (travel assistance, civil liability, accidents and repatriation) and that must be valid for its entire duration.

The policy must include health coverage for students who do not hold the European health card.

#### **Art. 6: Personal data protection**

The student under mobility acknowledges and accepts that **FAU** processes the personal data related to them at any time before, during, or after the mobility-related to this mobility scholarship agreement for the purposes of determining the framework and the conditions of the mobility and for paying the scholarship.

The categories of personal data process are the followings:

- Contact details (name, surname, physical address, phone number, email address)
- Date of birth, nationality and gender
- Academic career (academic year, study cycle, study field)
- Sending institution
- Start and end date of the mobility period
- Number of months of the financial support, amount of the financial support, amount per month
- Financial information (bank account holder, bank name, BIC number, IBAN number)

This information will be sent to the following organisations:

- EUMaster4HPC Awarding universities and partners
- EUROHPC Joint Undertaking, in connection with the funding provided by this organisation.

The participant's personal data is kept throughout the duration of the programme and for as long as is needed to draw up reports on projects related to the programme. The data will be kept for five years after the final report is published to keep a record of your participation in the event of subsequent problems, evaluations or audits requested by the aforementioned organisations.

The student under mobility may, on written request, gain access to their data and correct any information that is inaccurate or incomplete. They should address any questions regarding the processing of their personal data to **FAU**. Complete information is provided in Data Protection pages of **FAU**. The Student may exercise these rights by following the procedure described on <https://www.ecrc.fau.eu/data-protection/>.

The Student must provide any personal data required for the performance of this Agreement. They must notify the **FAU** of any amendments to be made to their personal data.
